

# Pr. Brigitte Fauroux, MD, PhD

## Professor in Paediatrics

Professor Brigitte Fauroux is Professor in Paediatrics and exerts at Armand Trousseau University Hospital and Paris 6 University. She works in a paediatric pulmonary department, which is the National French Reference Centre for Rare Lung Diseases and which integrates a cystic fibrosis clinic and a research unit 'INSERM UMR S-893' on 'chronic respiratory diseases during growth'. She is the head of the respiratory physiology research unit of the INSERM UMR S-938. Professor Fauroux did part of her research training at the Respiratory Muscle Laboratory at the Royal Brompton Hospital in London, UK, where she improved her expertise in respiratory physiology, respiratory muscle testing and non-invasive ventilation. She has a special interest in chronic lung disease, chronic respiratory insufficiency of various origin, respiratory muscles and non-invasive mechanical ventilation in children.
